FOREWORD

The Statue of Liberty, the world's most famous symbol of freedom, will be one hundred years old on October 28, 1986. This bibliography of books for students in kindergarten through grade 8 contains information on the history of the Statue and its renovation that will enable students to learn more about this statue that is an embodiment of the American spirit.

Teachers in schools which contract for School Library Service from the San Diego County Office of Education should first check their branch library (if one is located at their school) for these books or, if there is no branch library at the school, the books may be requested from School Library Service by calling 292-3609 or by filling out a School Book Request form. Estimated reading and interest levels of books are indicated by P (Primary, Grades K-3), I (Intermediate, Grades 4-6), JH (Junior High, Grades 7-8).

Burchard, Sue. *The Statue of Liberty; Birth to Rebirth*. San Diego: Harcourt Brace Jovanovich, 1985 (I-JH)

Traces the history of the Statue of Liberty from its conception to its centennial with emphasis on the Statue's restoration, its significance through the years, and the plans for the 1986 centennial celebration.

Fisher, Leonard Everett. *The Statue of Liberty*. New York: Holiday House, 1985 (I-JH)

Recounts the history of one of the largest monuments in the world, including how it was executed in France, shipped to America, and erected in New York Harbor.

Fox, Mary Virginia. *The Statue of Liberty*. New York: Julian Messner, 1985 (I-JH)

Describes the planning, creation, history, and current renovation of the great Statue in New York Harbor celebrating liberty.

Levinson, Riki. *Watch the Stars Come Out*. New York: Dutton, 1985 (P)

The story of two small immigrants who made the boat journey alone from the Old World to Hester Street. An introduction to the passage through Ellis Island.

Miller, Natalie. *The Statue of Liberty*. Chicago: Childrens Press, 1965 (P)

A simple and pictorial account of the famous Statue.

Shapiro, Mary J. *How They Built the Statue of Liberty*. New York: Random House, 1985 (P-I-JH)

Panoramas, cross sections, and diagrams provide a detailed portrayal of the construction of the Statue of Liberty, one of the nineteenth century's greatest engineering feats.

Shapiro, William E. *The Statue of Liberty*. New York: Franklin Watts, 1985 (I-JH)

Describes the conception and building of the giant Statue known as Miss Liberty, its erection on Bedloe's Island, and the efforts in this century to modernize and renovate the monument.
